<b>CONCLUSIONS</b>	
<b>ACTION ITEMS</b>	

**III.** Call to the audience

<b>DISCUSSION NOTES</b>	Andrew Stocker: He is seeking funding for the Family Chef project that will be starting. He was asking for information about PTO and if that was still in the process. A colleague from another school recommended Stocker, asks for funds from PTO to fund Family Chef.  Wilken: We currently do not have a PTO. Wilken hopes to one day help start a PTO, and that possibility could be in line with Family Engagement. As of right now, there is no process to start a PTO.
<b>CONCLUSIONS</b>	The discussion will continue with Mr. Stocker and Mr. Wilken to find ways to fund the Family Chef project.

## IV. Reports

<b>REPORTS TO REVIEW</b>	<ul style="list-style-type: none"> <li>a. Principal's Report- Sean Wilken</li> <li>b. Undesignated Funds- Sean Wilken and Karina Ramirez</li> </ul>
<b>DISCUSSION</b>	<p>A. This school year marks, Mr. Wilken's 7<sup>th</sup> year. Enrollment is coming up. We are getting Ex Ed transfer students. The students from those classes make our school better. We are still low in kindergarten, 15 and 15. The class sizes are nice, but compared to other schools in TUSD, Tully's kindergarten enrollment is low. We are building our K-1-2. 20 to 22 students (we would like). We opened a self-contained K-2 cross categorical classroom. Mr. Wilken requested it from the district. We have 11 students (K-2), 8 kindergarteners, 3 first graders. We hope that some of those students will be mainstreamed and still get the services they need.</p> <p>Tully finished Arizona's Academic Standard Assessment (AASA) in early May, we just missed a B letter grade, by .24 points. 4 years ago Tully was a D letter grade. The data stated that student growth scores are consistent. The proficiency rate is a little low, that is what can push toward a B. We want to be in the 15 point proficiency range, and keep it. The state is still looking at the data. They will make adjustments and those final scores will come out in October.</p> <p>We have a new Curriculum Service Provider (CSP). She works with teachers, aides and the curriculum. She is working to create a system of interventions with the aides. It's not just for students who are behind, it's for all (cusp). Sticking to the district curriculum and staying accountable for it.</p> <p>Tully will reapply for the Magnet Recognition Award. Magnet Schools of America (Merit). Our school scores last year didn't allow us to earn the award. Michelle McCollum will be writing the report throughout the year. It does not hurt our magnet status.</p> <p>B. Undesignated fund</p> <p>Tully received their classroom microphones for students to use. This will benefit and increase student engagement. We currently have about \$12,000 in undesignated funds.</p> <p>An idea/goal would be to purchase another interactive board for the STEAM lab. Everyone uses this board at one point or another. Teachers are not using the lab because the board in that current room is outdated and not working.</p> <p>Ideas for undesignated funds. We need more tax credit from the community. Some ideas that Carrillo Elementary school has is they have a tuition-based fund for after school activities. There is a possibility that our after-school program, 21<sup>st</sup> Century, will not be funded after this year, possibly next school year too.</p>

ACTION ITEMS

## V. Action Items

ITEM TITLE	Moving Undesignated funds to Field Trip fund
DISCUSSION NOTES	Mr. Wilken is requesting \$1,000 from School Council's Undesignated Funds, to be moved into the Field Trip account. The Field Trip account currently has about \$400. Tully doesn't ask kids to pay the participation fee for field trips, this allows all students to attend without cost. Selina motions to vote, Linda Stewart seconds the motion. All members unanimously vote yes for the boards.
RESOLUTION	The School Council has approved the use of undesignated funds (\$1,000), to be moved into the field trip fund.
